Bargmann Management Expands Reimbursement Operations Center

Akron, OH. January 31, 2008 - Bargmann Management and its subsidiary Homecare Collection Service have expanded their existing Operations Center and now occupy nearly 18,000 square feet in the Chapel Hill area of Akron, Ohio. The expansion, which effectively doubles facility size, follows the April 2007 relocation of Bargmann Management to its current location and is a direct result of the significant demand for the company's services.

In making the announcement, Lisa Bargmann, President and CEO stated, "Our organization is committed to delivering the highest quality of service to our customers and this expansion allows us to significantly upgrade our existing automation technology, expand our call center environment and add customized training facilities. This new investment will ensure our customers are receiving the benefits of state-of-the art technology and heightened professionalism in patient contact.

"We are uncompromisingly committed to being the industry leader in providing high value reimbursement solutions for our customers. This new investment will position us one step closer to achieving this goal."

Bargmann Management's Operations Center is located at 1655 Brittain Rd. in Akron, Ohio. It incorporates innovative office design in a traditional retail environment, providing alternative-use leadership within the community.
